

MageINIC

Extra Fee

FEATURES

- **Automatically Apply to Order Total:** Once the store owner sets the price from the Magento backend, extra charges will automatically be applied to the storefront. Along with the order total, it will be set on its own.
- **Multistore Support:** The extension is supported in multiple stores. This means that you can apply the extension features to all of your stores if you are running multiple stores.
- **Cart and Checkout Page Display:** The total extra fee will be displayed on the cart page and checkout page with the total order that is calculated when payment method selected.
- **Set Minimum Order Amount:** The admin can also set the minimum order amount from the store backend. If the order amount matches the minimum set amount only then the extra fee will be displayed on the front end.
- **Set Maximum Order Amount:** The admin can also set the maximum order amount from the store backend. If the order amount matches the maximum set amount only then the extra fee will be displayed on the front end.

Ultimate Guide for Magento 2 Extra Fee

Welcome to the Ultimate Guide for Extra Fees Extension, a powerful tool designed to enhance your Magento store's flexibility and profitability. With this extension, you can effortlessly implement extra charges based on various payment method, ensuring a seamless shopping experience for your customers.

- **Automatically Apply Extra Fees to Order Total:** With this extension, you can effortlessly apply extra charges to the order total. Once you set the prices in the Magento backend, these additional fees will automatically be integrated into the storefront. This automation ensures that your customers see the accurate total cost, providing transparency during the checkout process.
- **Multistore Support for Expanded Reach:** Running multiple stores? No problem. This extension offers robust support for multiple stores, allowing you to apply the extra fee features across all your stores. Whether you have one store or several, you can maintain consistency in your pricing strategy, enhancing your customers' experience and your operational efficiency.
- **Visible Extra Fees on Cart and Checkout Pages** Transparency is key in e-commerce. The extension ensures that the total extra fee is prominently displayed on both the cart page and the checkout page. Customers will see a detailed breakdown of their order,

including the additional charges. This visibility empowers customers with clear information, fostering trust and satisfaction.

- Set Minimum and Maximum Order Amounts: With this feature, the admin can define both a minimum and maximum order amount from the store backend. The extra fee will only be displayed if the order amount falls within the specified range, providing precise control over fee application.
-

How to install the extension

1. Upload via ZIP/Archive

- Back up your store's database and web directory
 - Download the extension zip file and extract the zip file
 - Transfer the **app** folder into the **Magento2 root** directory on the server
 - Enable maintenance mode **php bin/magento maintenance:enable**
 - Run the command **php bin/magento module:enable MageINIC_Core MageINIC_ExtraFee**
 - Run the command **php bin/magento setup:upgrade** to install the extension
 - Run the command **php bin/magento cache:clean** to clean the cache
 - Disable maintenance mode **php bin/magento maintenance:disable**
 - Check the store environment if everything is working properly. If, at any point, the store displays an error, check the Magento logger for more details.
